From: PSCAND Board

Re: Soil Photograph Identification

C: PSCAND Membership

Two years ago, David Hopkins handed out 15 to 18 CDs to the PSCAND members and asked for feedback on the origin of the photos. He did not receive any feedback. At the June 25, 2006 Annual PSCAND Meeting, the PSCAND membership authorized paying experienced PSCAND members to write narrative for the photos at \$10/hr up to \$1000. It was suggested that Don Patterson, Ken Thompson, CJ Heidt and Larry Edland work on the project. Others are also welcome to help out as well.

If you are interested in helping David with this project, please contact him for a copy of the CD (if you don't already have one). Send your narrative and hours spent on the project to David. He will request payment from the PSCAND once he verifies the work was completed. David's contact information is below.
